Aspire Consulting Group LLC, specializes in innovative IT solutions for federal and state governments. Aspire delivers cutting-edge solutions with purpose, sound judgement, vision and investment value. We team with global leaders leveraging our core competencies in Cyber Security, Systems Integration, Cloud Migration, Software Development, Systems Lifecycle Management, Health IT and Business Process Reengineering. Aspire advances each customer's success by delivering truly unique and scalable best value solutions. Our corporate mantra "Talent Drives Innovation" represents the essence of our "modus operandi."

OUR COMPETENCIES INCLUDE:

- Agile Development, DevOps, Cloud Solutions & Advanced Analytics
- Healthcare Supply Chain Management, Healthcare Enterprise Performance Services
- Systems Integration, Modernization, Cyber Security
- Enterprise Architecture (EA) Optimization, Software Development and Data Science
- IT Asset Management and Acquisition
- Network Operations and Maintenance
- Enterprise Mobility Management (EMM)

CAPABILITIES AND PAST PERFORMANCE

As a certified SDVOSB company, our leadership has proven track records at key Federal Agencies in most evert professional discipline:

- **Agile Software Development & CI/CD:** Aspire has proven leadership experience in developing application portfolios using the Scaled Agile Framework (SaFe) to reduce cost, improve quality and increase efficiency, while accelerating software delivery using Continuous Integration (CI) and Continuous Deployment (CD) AWS best practices
- **Healthcare:** Influence Health Inc. - Aspire designed and implemented a RFID/RTLS supply chain management infrastructure in VISN 10, delivering efficient and effective ISO 9001/CMMI best practice solutions
- **Systems Integration, EA and Cyber Security:** Commodity Futures Trading Commission (CFTC) - Confidentiality, Integrity and Availability Assurance, CDM, A&A, RMF, ECM
- **IT Asset Management:** We make Best Value decisions for lifecycle IT Configuration Items (CIs), helping to avoid CI obsolescence as technology grows exponentially
- **Network Operations:** Applying NIST/ITILv3 standards to meet Capacity, Continuity and Availability SLAs
- **Human Capital Staff Augmentation:** Aspire provides highly qualified professionals who meet virtually any position description (PD) requisition within Federal sector agencies
- **Enterprise Mobility Management (EMM):** Focused on managing mobile devices, wireless networks, and other mobile computing services to enhance public safety and health, transportation, community awareness and public engagement

DIFFERENTIATORS

We are a trusted VA partner to fulfill VA's strategic plan objectives to improve the effectiveness and efficiency of VA's infrastructure and its enterprise-wide processes across VA's Central Office (VACO), Veterans Health Administration (VHA), Veterans Benefits Administration (VBA) and National Cemetery Administration (NCA).
